

Finance Committee Membership

Section 10.10 of the Constitution empower a Divisional Treasurer to set-up a Divisional Finance Sub-Committee.

David Skeats has been an elected member of this Committee since its inception but with his appointment as Divisional Secretary, he has relinquished the post noting that he is anyway an ex-officio member of this Committee as he is for all Sub-Committees.

The opportunity has therefore been taken to review the membership with the existing members and it has been agreed that this will in future consist of

- Treasurer
- Fixture/Match Secretary (Roger Harrison)
- One person appointed by the Treasurer (Gareth Tarplee)
- One person elected by the Delegates meeting (currently Martin Bevan).

Match Fees

The Finance Committee has sought to establish some simple principles for setting County match fees given that these can vary considerably year-to-year according to the number of away games and coaches required.

It is therefore recommended that County match fees are set on the basis that costs are recovered over a two years period. In the case of Middleton Cup this will apply to the first round only. Should the County progress beyond the first round, then the fee would remain as for the first round with any additional costs (for a coach for example) being met centrally.

On this basis, fees of £12 for County games and £8 for Middleton Cup are recommended.
